

4 functions

- 1 quality blade
- 2 glass breaker
- 3 belt cutter with double blade system
- 4 For safe work: lockable strong blade

The black coated RICHARTZ® rescue tool with a strong, stainless steel blade with safety-lock system makes daily use safe at any time. The belt cutter has a double blade system that guarantees quick cutting.

The glass breaker made of specially hardened tool steel will break glass perfectly and safely. The embossed tyre structure on the handle in combination with the black coated blade makes this rescue tool modern and sporty.
